## TROOPS SLAUGHTERED

Thirty Mexicans Killed by Yaquis  
Indians in a Fight.

## MANY ARE WOUNDED

The Government Troops Run Out of  
Ammunition and Forced to a Hand  
Battle With Superior Num-  
ber of the Indians.

Tucson, A. T., June 4.—The uprising among Yaqui Indians is becoming general. A detachment of 73 men from the force of General Torres who is pursuing the Yaquis in Mazatlan mountains, east of Hermosillo, was ambushed and 30 of the number killed. Captain Celso Gomez and Lieut. Jose Valero, of Twentieth battalion among the slain. Only one escaped unhurt. The Mexicans ran out of ammunition and engaged in a hand to hand battle with the Yaquis.

Fifty of the Indians are reported killed, but their great number overwhelmed the Mexicans. The survivors retreated to Hermosillo. Fifteen of them were wounded. General Torres has retreated and sent out scouts loyal to the government.

Refugees are arriving at Hermosillo and report everywhere the Yaquis are on the war path.

Three stations on the Sonora railroad have been abandoned and the English operators left with General Torres.

## INDIANA DEMOCRATS.

They Meet in State Convention and Make  
Platform and Nominations.

Indianapolis, June 4.—The Democratic state convention was called to order at 10:20 o'clock this morning by W. H. O'Brien, chairman of the state central committee. John W. Kern, of Indianapolis was made permanent chairman, and delivered a stirring address. The name of Bryan was greeted with loud cheers when mentioned by Kern.

The platform adopted declares for tariff for revenue only; denounces Republican record on trusts, railroad regulations and ship subsidy; and the refusal of the Republican governor to honor that Kentucky requisition; declares prosperity, resulting from the increase in gold supply is proof of quantitative theory of money; demands independence for Filipinos, and denounces Republican policy in regard to the Philippines. The platform was unanimously adopted.

Tom Taggart was endorsed for chairman of the Democratic national committee.

The following ticket was nominated: Secretary of state, Alfred Shoemaker of Attica.

Auditor, James R. Riggs of Sullivan. Treasurer, — Herff, of Peru. Clerk of the supreme court, Adam Heimberger.

## SERIOUS WRECK.

Engineer and Fireman Killed and Many  
Passengers Injured.

Redding, Cal., June 4.—The south-bound Oregon express on the Southern Pacific road was wrecked near Clear Creek, four miles from this city. The accident was caused by a half open switch which had evidently been left in that condition by some unknown person. The train was a "double-header" and was running down grade at great speed. Both engines were thrown into the ditch and the train completely wrecked.

Engineer J. M. White and Fireman Fred Taffel, of the forward engine, were thrown under the wreckage and crushed to death, their bodies being fearfully mangled.

Many passengers were hurt, but none seriously injured.

## DIPLOMATIC CHANGES.

Michael Herbert Succeeds Paunceforte and  
De Ojeda Duke of Es Arcos.

Washington, June 4.—Two important changes in diplomatic representation in Washington have been announced.

Hon. Michael Herbert succeeds the late Paunceforte as British ambassador and Senor De Ojeda succeeds the duke De Arcos as Spanish minister.

## Interest on a Little Sum.

New York, June 4.—A card in the newspapers has apprised the family of Hoboken that they are heirs to more than \$3000, growing out of a \$200 deposit made in a savings bank over fifty years ago. The father, who was a railroadman, lost his bank book for the \$200 shortly after the deposit was made. Eventually he forgot all about the matter. The money kept accumulating and after his death the bank officials advertised for the heirs.

## Forty Scholarships Awarded.

New York, June 4.—Forty scholarships of the total value of \$6000 have been awarded by the university council of Columbia. One scholarship was given to Nachide Yatsu, a Japanese, who is the first foreigner to receive such an award at the institution. His appointment is in zoology. Four of the

boys who came from Canada and the others from nineteen states, eight west of the Mississippi.

## Machinists Strike Unchanged.

Palestine, Tex., June 4.—The situation in the machinist strike here remains unchanged, neither side making any proposition looking to a settlement. A few of the apprentice boys who walked out with the machinists returned to work, but the majority of the boys remain out.

## VOTE ON SURRENDER.

Fifty-Four of the Sixty Delegates Were  
in Favor of Peace.

Pretoria, June 4.—The ballot of the Boers at Vereeniging resulted in 54 votes in favor of surrender and 6 against it.

Preparations are being made here for surrender of Boer commandos which will take place on the race course. All Boers are allowed perfect freedom.

There will be thanksgiving services on June 8 on Church square in which it is hoped the Boers will participate.

Women in concentration camps are anxious to return to their homes immediately but this will be impossible until some system of supply depots for outlying districts are established.

General Paden Powell is arranging for the distribution of mounted constabulary in various districts. The railroads and telegraphs will be handed over to civil authorities as soon as possible and restrictions of martial law will be gradually relaxed.

The Boer delegates, who, during peace negotiations were stiff, formal and unfriendly, are now extremely cordial.

All commandants are returning to their commandos in order to explain the situation.

General Louis Botha, the Boer commandant general, has written an open letter to the burghers thanking them for their obedience in the past and exhorting them to be loyal in their obedience to the new government.

Kitchener's address to the Boer delegates, at Vereeniging in which the British commander-in-chief said that if he had been one of them he would have been proud to have done so well in the field as they had done. The address made the best possible impression and drew forth a hearty response from General Beyer, chairman of the Boer conference, who expressed the pleasure the Boers experienced at meeting Kitchener as a friend, adding they had fought so long against him that they had acquired full appreciation of his worth.

## Want to Reward Kitchener.

London, June 4.—In the house of commons today, the government leader, A. J. Balfour, presented a message from King Edward as follows:

"His majesty, taking into consideration the eminent services rendered by Lord Kitchener, and being desirous, in recognition of such services, to confer on him some signal mark of his favor, recommends the king should be enabled to grant Lord Kitchener £50,000."

John Dillon, Wm. Redmond and Swift MacNeill Irish Nationalists announced the intention of opposing the grant at every stage.

It is announced Kitchener has been created a viscount by King Edward.

## Kitchener Leaves for London.

Durban, Natal, June 4.—The Times of Natal states that Lord Kitchener has left for England and that Gen. Littleton is acting commander-in-chief of the British forces in South Africa.

## GLAD HE ESCAPED.

Wealthy Citizen of Martinique Accident-  
ally Left Before Catastrophe.

New York, June 4.—Without a cent in the world Edouard Reinal de Saint Michel, formerly one of the wealthiest and most influential men in St. Pierre, has arrived in this city. He was happy despite his impoverished condition, for his wife and son was with him, having escaped the ravages of Mont Pelee by the merest accident.

Mme. De Saint Michel who is a native of Port de France, was spending the day with her relatives at the time of the disaster, and her husband left St. Pierre to join her an hour before the blast of flame destroyed the city. He traveled in a tug to Port de France and when he reached the Martinique capital the destruction of the native city was announced.

## ON TO THE ATLANTIC.

The Frisco Enters Birmingham and Will  
Build East to the Ocean.

New York, June 4.—Official announcement has just been that the St. Louis and San Francisco railway company has acquired control of the Birmingham Belt railroad for terminal purposes in Birmingham, Ala. The purchase was completed in this city.

B. F. Yoakum, said it is proposed to greatly improve the terminals in that city, and that having reached Birmingham it is almost certain his road will build to the Atlantic coast. The Birmingham Belt railroad operates a freight line 3 miles in extent in and about the city.

### World's Fair Fund.

Dallas Texas, June 4.—[Special to the Eagle]—Four of the Texas railroads have thus far been definitely committed to the proposition to contribute to the Texas World's Fair fund. They are the Texas & Pacific; the Texas Midland; the Gulf Colorado & Santa Fe and the Frisco, each of which lines have agreed to contribute \$5,000.00. Nearly all of the other companies have been heard from to the effect that they will subscribe liberally or upon any basis generally agreed to. Satisfactory subscription from the railroads is the desired end, and work is now being done to bring it to a definite and tangible basis. General Manager Wortham, of the Texas World's Fair Commission is endeavoring to impress upon all concerned the desirability and necessity of prompt action in order to secure the best results from the expenditure of the proposed funds. To that end the special interests which have been proposed to contribute have been urged to assist their work. As soon as they have reported it is proposed to hold a meeting of the Executive committee and inaugurate a campaign for the completion of the subscription.

### CONDITION OF CROPS.

The Weather Bureau's Report on Corn, Wheat, Oats and Cotton.

Washington, June 4.—The weather bureau's weekly summary of crop conditions is as follows:

Corn has made slow growth over most of the corn belt and has suffered injury from frost in the Ohio valley and lake region. In the states of the lower Missouri valley the crop is much in need of cultivation, warmth and sunshine; in Nebraska, Iowa and Illinois its condition is more favorable. Planting is nearing completion in the more northerly sections.

Winter wheat has made favorable progress in the state of the Missouri and upper Mississippi valleys and in portions of the lower Ohio valley. Harvesting is nearly finished in Texas, but its commencement has been delayed in Oklahoma on account of the rains.

Spring wheat is stalling well and is making splendid growth throughout the spring wheat region.

The outlook for oats continues unfavorable from the middle Atlantic states and Ohio valley southward to the east Gulf and south Atlantic coasts. Harvesting is completed in Texas and continues in the east Gulf and south Atlantic states.

Cool nights have checked the growth of cotton throughout the central and eastern portions of the cotton belt, but the general condition of the crop is most promising, the least favorable reports coming from the Carolinas. Over the western districts outside of Texas the unfavorable effects of low temperatures have been less marked. In Texas favorable temperatures prevailed and the crop continues in excellent condition, but in Oklahoma and Arkansas cotton is suffering from lack of cultivation.

### MORE CLASHES.

Police after Many Conflicts Move Some Wagons About Chicago.

Chicago, June 4.—Chicago's police had a strenuous time Tuesday with the striking packinghouse teamsters. From daylight until long after dark the bluecoats were kept busy dispersing trouble makers, who congregated along the streets and in every conceivable manner placed obstacles in the way of the meat dealers who endeavored to move their supply wagons with non-union drivers. In spite of the striking teamsters and their friends wagon loads of meat were delivered from the stockyards to downtown stations. Before the task was accomplished, however, a score of policemen and rioters had been injured and fully fifty persons had been placed under arrest.

Several of the injured were in such condition that they were taken to hospitals. Two of the injured may die.

### Red River Threatening.

Texarkana, Ark., June 4.—People living along Red river are getting scared over the rise in the river and many are preparing to move into the hills. News of a dangerous character has reached here. The Sanderson plantation of 900 acres is inundated. At Index, 10 miles north, and Fulton, 19 miles east, the river is higher than known in years. At Fulton it stands 36, and will flood the country. Little river empties just above Index and is reported as being bank full. However, news of a fall at Denison is encouraging.

### Killing Near Westville.

Muskogee, I. T., June 4.—The United States marshal at this place was notified of a killing that occurred near Westville Saturday, in which a Greek laborer on the Ozark and Cherokee Central railroad was shot by a deputy marshal. There was a riot, in which the laborers made a rush on the commissary and the Greek, whose name is unknown, was killed. There work there.

### Prominent Mason Dead.

New York, June 4.—Peter Ross, LL.D., a thirty-third degree Mason, grand historian of the grand lodge of Masons in this state and the author of many books on free masonry and Scottish history, is dead at his home in this city, after a long illness. He was born in Edinburgh in 1847. D. Ross was for 18 years secretary of the North American Association of Canadian clubs.

### Chief of the Seminoles.

Wewonka, E. T., June 4.—Halsutaa Mico, a full blooded Indian, has been elected chief of the Seminole Indians, defeating John F. Brown, a half-blood, who is just completing his fourth term. Brown is one of the most influential chiefs in the territory and his defeat will, it is believed, have a tendency to hasten the dissolution of the Seminole tribal government.

### Floyd Marshall Convicted.

Fort Worth, Tex., June 4.—Floyd Marshall, the negro on trial charged with the murder of a negro barber named Henry Tallotson, between Ninth and Tenth streets on the 8th of last month, was found guilty of murder in the second degree by the jury and given 25-year sentence in the penitentiary.

### Reappointed Clerk.

Guthrie, O. T., June 4.—The Oklahoma supreme court has reappointed Capt. B. F. Hegler clerk for the ensuing four years. Justice Irwin presided as acting chief justice during the absence of Judge Burford.

### Four Porto Ricans Garroted.

Ponce, P. R., June 4.—Barnabe Acevedo, Jose Torres, Ramon Troche Caden and Juan Torres, found guilty of murder, robbery and outrage, committed in October, 1898, at Guayao, a suburb of Adjuntas, were garroted here. All confessed to the crimes.

### World's Fair Fund.

Dallas Texas, June 4.—[Special to the Eagle]—Four of the Texas railroads have thus far been definitely committed to the proposition to contribute to the Texas World's Fair fund. They are the Texas & Pacific; the Texas Midland; the Gulf Colorado & Santa Fe and the Frisco, each of which lines have agreed to contribute \$5,000.00. Nearly all of the other companies have been heard from to the effect that they will subscribe liberally or upon any basis generally agreed to. Satisfactory subscription from the railroads is the desired end, and work is now being done to bring it to a definite and tangible basis. General Manager Wortham, of the Texas World's Fair Commission is endeavoring to impress upon all concerned the desirability and necessity of prompt action in order to secure the best results from the expenditure of the proposed funds. To that end the special interests which have been proposed to contribute have been urged to assist their work. As soon as they have reported it is proposed to hold a meeting of the Executive committee and inaugurate a campaign for the completion of the subscription.

### CONDITION OF CROPS.

The Weather Bureau's Report on Corn, Wheat, Oats and Cotton.

Washington, June 4.—The weather bureau's weekly summary of crop conditions is as follows:

Corn has made slow growth over most of the corn belt and has suffered injury from frost in the Ohio valley and lake region. In the states of the lower Missouri valley the crop is much in need of cultivation, warmth and sunshine; in Nebraska, Iowa and Illinois its condition is more favorable. Planting is nearing completion in the more northerly sections.

Winter wheat has made favorable progress in the state of the Missouri and upper Mississippi valleys and in portions of the lower Ohio valley. Harvesting is nearly finished in Texas, but its commencement has been delayed in Oklahoma on account of the rains.

Spring wheat is stalling well and is making splendid growth throughout the spring wheat region.

The outlook for oats continues unfavorable from the middle Atlantic states and Ohio valley southward to the east Gulf and south Atlantic coasts. Harvesting is completed in Texas and continues in the east Gulf and south Atlantic states.

Cool nights have checked the growth of cotton throughout the central and eastern portions of the cotton belt, but the general condition of the crop is most promising, the least favorable reports coming from the Carolinas. Over the western districts outside of Texas the unfavorable effects of low temperatures have been less marked. In Texas favorable temperatures prevailed and the crop continues in excellent condition, but in Oklahoma and Arkansas cotton is suffering from lack of cultivation.

### MORE CLASHES.

Police after Many Conflicts Move Some Wagons About Chicago.

Chicago, June 4.—Chicago's police had a strenuous time Tuesday with the striking packinghouse teamsters. From daylight until long after dark the bluecoats were kept busy dispersing trouble makers, who congregated along the streets and in every conceivable manner placed obstacles in the way of the meat dealers who endeavored to move their supply wagons with non-union drivers. In spite of the striking teamsters and their friends wagon loads of meat were delivered from the stockyards to downtown stations. Before the task was accomplished, however, a score of policemen and rioters had been injured and fully fifty persons had been placed under arrest.

Several of the injured were in such condition that they were taken to hospitals. Two of the injured may die.

### Red River Threatening.

Texarkana, Ark., June 4.—People living along Red river are getting scared over the rise in the river and many are preparing to move into the hills. News of a dangerous character has reached here. The Sanderson plantation of 900 acres is inundated. At Index, 10 miles north, and Fulton, 19 miles east, the river is higher than known in years. At Eulton it stands 36, and will flood the country. Little river empties just above Index and is reported as being bank full. However, news of a fall at Denison is encouraging.

### Killing Near Westville.

Muskogee, I. T., June 4.—The United States marshal at this place was notified of a killing that occurred near Westville Saturday, in which a Greek laborer on the new Ozark and Cherokee Central railroad was shot by a deputy marshal. There was a riot, in which the laborers made a rush on the commissary and the Greek, whose name is unknown, was killed. There work there.

## THE PHILIPPINE BILL

That Measure Passes the Senate by a Vote of 48 to 30.

## A LENGTHY DEBATE

For Seven Weeks the Bill Has Had Right-of-Way in the Senate—Nicaraguan Bill Comes Next. Anti-Anarchist Bill.

Washington, June 4.—The senate has passed the Lodge Philippine government bill by a vote of 48 to 30. Three Republicans, Messrs. Hoar of Massachusetts, Mason of Illinois and Wellington of Maryland, voted against the measure, and one Democrat, Mr. McLaurin of South Carolina, voted for it.

All amendments offered by the minority were rejected.

The debate on the measure has been in progress seven weeks and two days. Just at the close of the discussion sharp exchange occurred between Mr. Dietrich of Nebraska and Mr. Patterson, in the course of which the former reflected caustically upon the Colorado senator. He was called to order, his remarks were read and he was declared to have been out of order in uttering them. He withdrew his statement, thus ending the controversy.

After the passage of the Philippine bill the Nicaragua canal bill was made the unfinished business and its consideration will now have right of way.

The Philippine government bill as passed by the senate approves the action of the president in creating the Philippine commission and the offices of civil governor and vice governor of the islands, and authorizes the governor and vice governor to exercise the powers of government as directed by executive order. Future appointments of governor or vice governor shall be made by the president with the advice and consent of the senate. The "bill of rights" of the United States constitution are applied to the Philippine islands with the exception of the right to bear arms and the right of a trial by a jury.

The supreme court and other courts of the islands shall exercise jurisdiction as heretofore provided by the Philippine commission and the justices as the supreme court shall be appointed by the president and the senate; the others by the civil government and the commission.

The action of the president of the United States in levying all collecting taxes is approved. All the inhabitants of the Philippines are deemed to be citizens of the Philippine islands and entitled to the protection of the United States.

When the insurrection in the islands shall have been subdued, a careful census of the islands shall be taken, and after such census the governor of the Philippine islands shall make a full report to the president and make recommendations as to future government. Meantime the commission is authorized to establish municipal and provincial governments with popular representative government as far and as fast as the communities are capable to determine the terms of the electors. The president is authorized to regulate the commercial intercourse with the archipelago in the interest of their welfare.

All land in the Philippines is placed under the control of the Philippines commission for the benefit of the inhabitants of the island except as such as shall be needed for the use of the United States.

The government of the Philippines shall make rules and regulations for the disposition of public lands, but the regulations shall not go into effect until approved by the president and congress; provided that a single homestead entry shall not exceed forty acres and also provided that no such land shall be leased, let or demised to any corporation until a law regulating the disposition of the public lands shall be enacted.

No corporation shall be authorized to engage in agriculture unless provision shall have been made therefor.

The bill provides at length how claims, both agricultural and mineral, shall be located and the Philippines commission is authorized to establish a mining bureau.

The Philippines commission is authorized to acquire the friar lands and is empowered to issue bonds to pay for them. These lands once acquired shall be a part of the domain of the United States and may be disposed of as such.

Upon the supreme court of the United States is conferred the right to review the decisions of the supreme court of the Philippines.

Municipalities are authorized to issue bonds for municipal appointments with the consent of the president and congress and the entire indebtedness of any municipality not to exceed five per cent of the assessed valuation of property. It is provided that the bonds shall be gold bonds and shall be free from taxation.

The city of Manila is authorized to incur indebtedness in gold bonds to an amount not exceeding \$4,000,000 to pay for a sewer system and water supply.

The government of the Philippines is authorized to grant franchises and concessions, including the right of eminent domain, for the construction of works of public utility, provided that no private property shall be taken without just compensation, that no franchises shall be granted to any corporation that shall not be subject to review by congress.

No corporation shall be authorized to conduct the business of buying and

selling real estate, and the amount of real estate which shall be held by any corporation shall be determined by congress.

A mint is to be established at Manila, the coinage laws of the United States being extended to the islands. The Philippines government is authorized to coin a silver dollar containing 416 grains of standard silver, to be a coin of the Philippine islands, the denomination of the coin to be expressed in English, Philippine and Chinese characters.

Silver brought to Manila mint will be coined for the benefit of the depositor, the mint charge being one cent for each dollar coined. The dollar shall be legal tender in the Philippines for public and private debts except where otherwise stipulated. Silver certificates may be issued for deposits of Filipino dollars in sums of twenty dollars or more. Subsidiary coins are provided for.

### The Anti-Anarchist Bill.

Washington, June 4.—The house Tuesday began consideration of the anti-anarchist bill. The house committee reported a substitute for the senate measure.

Mr. Ray of New York, chairman of the judiciary committee, argued that the senate bill was unconstitutional.

Mr. Lanham of Texas supported the feature of the bill to exclude anarchists, but opposed that making it a particular offense to kill the president or any one in the line of presidential succession. He argued that every man was equal before the law and that the existing laws were ample to punish the killing or attempting of the president.

When the house met Mr. Burton of Ohio called up the conference report upon the river and harbor bill. The report was adopted. As signed by the presiding officers of each house it will go to the president.

### Naval Appropriation Bill.

Washington, June 4.—Mr. Hale, from the senate committee on naval affairs, reported the naval appropriation bill to the senate. The committee favors all the new vessels recommended by the house and at the prices fixed in the house bill, but strikes out the provision that half the vessels shall be built in government yards.

The secretary of the navy is authorized to contract with the Holland company for five submarine boats and he may have tested any other submarine boat and purchase one at a cost not to exceed \$175,000.

The bill increases the appropriation made by the house \$964,942, making a grand total of \$78,166,838.

### Department of Commerce.

Washington, June 4.—By a vote of 7 to 4 the house committee on interstate and foreign commerce agreed to consider and report the Nelson bill for a department of commerce.

As it came from the senate, the bill provided for a department of commerce and labor. By a vote of 8 to 4 the provisions as to the labor branch were struck out.

## THE PHILIPPINE BILL

That Measure Passes the Senate by a Vote of 48 to 30.

## A LENGTHY DEBATE

For Seven Weeks the Bill Has Had Right-of-Way in the Senate—Nicaraguan Bill Comes Next. Anti-Anarchist Bill.

Washington, June 4.—The senate has passed the Lodge Philippine government bill by a vote of 48 to 30. Three Republicans, Messrs. Hoar of Massachusetts, Mason of Illinois and Wellington of Maryland, voted against the measure, and one Democrat, Mr. McLaurin of South Carolina, voted for it.

All amendments offered by the minority were rejected.

The debate on the measure has been in progress seven weeks and two days. Just at the close of the discussion sharp exchange occurred between Mr. Dietrich of Nebraska and Mr. Patterson, in the course of which the former reflected caustically upon the Colorado senator. He was called to order, his remarks were read and he was declared to have been out of order in uttering them. He withdrew his statement, thus ending the controversy.

After the passage of the Philippine bill the Nicaragua canal bill was made the unfinished business and its consideration will now have right of way.

The Philippine government bill as passed by the senate approves the action of the president in creating the Philippine commission and the offices of civil governor and vice governor of the islands, and authorizes the governor and vice governor to exercise the powers of government as directed by executive order. Future appointments of governor or vice governor shall be made by the president with the advice and consent of the senate. The "bill of rights" of the United States constitution are applied to the Philippine islands with the exception of the right to bear arms and the right of a trial by a jury.

The supreme court and other courts of the islands shall exercise jurisdiction as heretofore provided by the Philippine commission and the justices as the supreme court shall be appointed by the president and the senate; the others by the civil government and the commission.

The action of the president of the United States in levying all collecting taxes is approved. All the inhabitants of the Philippines are deemed to be citizens of the Philippine islands and entitled to the protection of the United States.

When the insurrection in the islands shall have been subdued, a careful census of the islands shall be taken, and after such census the governor of the Philippine islands shall make a full report to the president and make recommendations as to future government. Meantime the commission is authorized to establish municipal and provincial governments with popular representative government as far and as fast as the communities are capable to determine the terms of the electors. The president is authorized to regulate the commercial intercourse with the archipelago in the interest of their welfare.

All land in the Philippines is placed under the control of the Philippines commission for the benefit of the inhabitants of the island except as such as shall be needed for the use of the United States.

The government of the Philippines shall make rules and regulations for the disposition of public lands, but the regulations shall not go into effect until approved by the president and congress; provided that a single homestead entry shall not exceed forty acres and also provided that no such land shall be leased, let or demised to any corporation until a law regulating the disposition of the public lands shall be enacted.

No corporation shall be authorized to engage in agriculture unless provision shall have been made therefor.

The bill provides at length how claims, both agricultural and mineral, shall be located and the Philippines commission is authorized to establish a mining bureau.

The Philippines commission is authorized to acquire the friar lands and is empowered to issue bonds to pay for them. These lands once acquired shall be a part of the domain of the United States and may be disposed of as such.

Upon the supreme court of the United States is conferred the right to review the decisions of the supreme court of the Philippines.

Municipalities are authorized to issue bonds for municipal appointments with the consent of the president and congress and the entire indebtedness of any municipality not to exceed five per cent of the assessed valuation of property. It is provided that the bonds shall be gold bonds and shall be free from taxation.

The city of Manila is authorized to incur indebtedness in gold bonds to an amount not exceeding \$4,000,000 to pay for a sewer system and water supply.

The government of the Philippines is authorized to grant franchises and concessions, including the right of eminent domain, for the construction of works of public utility, provided that no private property shall be taken without just compensation, that no franchises shall be granted to any corporation that shall not be subject to review by congress.

No corporation shall be authorized to conduct the business of buying and

selling real estate, and the amount of real estate which shall be held by any corporation shall be determined by congress.

A mint is to be established at Manila, the coinage laws of the United States being extended to the islands. The Philippine government is authorized to coin a silver dollar containing 416 grains of standard silver, to be a coin of the Philippine islands, the denomination of the coin to be expressed in English, Philippine and Chinese characters.

Silver brought to Manila mint will be coined for the benefit of the depositor, the mint charge being one cent for each dollar coined. The dollar shall be legal tender in the Philippines for public and private debts except where otherwise stipulated. Silver certificates may be issued for deposits of Filipino dollars in sums of twenty dollars or more. Subsidiary coins are provided for.

### The Anti-Anarchist Bill.

Washington, June 4.—The house Tuesday began consideration of the anti-anarchist bill. The house committee reported a substitute for the senate measure.

Mr. Ray of New York, chairman of the judiciary committee, argued that the senate bill was unconstitutional.

Mr. Lanham of Texas supported the feature of the bill to exclude anarchists, but opposed that making it a particular offense to kill the president or any one in the line of presidential succession. He argued that every man was equal before the law and that the existing laws were ample to punish the killing or attempting of the president.

When the house met Mr. Burton of Ohio called up the conference report upon the river and harbor bill. The report was adopted. As signed by the presiding officers of each house it will go to the president.

Elected to the County Convention—  
Other Proceedings.

Bethel, Texas, May 31.—The  
democrats of precinct No. 2 met at  
Bethel Academy May 31 to elect  
delegates to county convention to  
be held at Bryan June 14. On  
motion the chairman appointed the  
following delegates: G. W. Wil-  
liams; J. H. McCullough, D. P.  
Cole, W. D. Lardley, W. R. Pate,  
Green Buchanan, N. A. Cotman, G.  
W. Graham, Jno. T. Dyess, F. T.  
Cole and A. P. Buchanan. A vote  
was taken to see how all present  
stood in regard to nominating coun-  
ty officers by primary election. It  
was unanimously agreed that a  
primary election ought to be had.  
A vote was then taken for chair-  
man. D. P. Cole was unanimously  
elected. On Motion meeting ad-  
journed. C. S. Jones, Chairman.

business to be considered, and a  
good meeting desired.

McDuff Simpson,  
Secretary.

The Eagle's article regarding in-  
sufficient water supply for the I. &  
G. N. shops and division headquar-  
ters, published yesterday morning,  
brought out a suggestion from a well  
known citizen for a stock company  
to be formed for the purpose of sink-  
ing an artesian well. Such a move  
should meet with favor among men  
of means in the town who want to see  
Bryan build up and improve and in-  
cidentally enhance the value of their  
property. Bryan needs more water  
and needs it bad.

Dimities, lawns and organdies at  
Norwood's. White organdy 15 cents  
per yard. 159

The Eagle is always glad to have  
personals and items of local interest  
called to the attention of the reporter  
or 'phoned to the office, and especi-  
ally from now on during the com-  
mencement season will our readers  
and the public confer a favor by let-  
ting us know who their guests are.  
It is impossible to get all the arrivals  
at such a time, and we will appreci-  
ate the kindness of those who will  
help us out as suggested.

You can't enjoy commencement  
without one of those lovely fans on  
sale at Norwood's. 159
